Spelling Bee

Rules

1. The pronouncer announces the word to be spelled. He/She speaks slowly and clearly, without distorting the normal pronunciation of the word. He/She uses the word in a sentence and says the word again.
2. The speller listens carefully to the pronouncer and asks for the word to be repeated if necessary.
3. When the speller is sure he/she understands the word, she pronounces it, spells it and then says the word again. He/she must say it loudly enough for the judge to hear it.
4. The speller may start over if he/she feels that they have made a mistake, only if they have not said the word after spelling it.
5. The judge(s) determines whether or not the word was spelled correctly.
6. If the correct spelling was given, the speller remains in the game.
7. If the spelling was incorrect, that speller is eliminated from the game. The judge gives the correct spelling of that word. Then the pronouncer reads a new word for the next speller.
8. When there are only 2(two) spellers left, if one speller misspells a word, the other speller must spell that word correctly, plus spell 1(one) more word to be declared the winner of the spelling bee. If the final speller does not spell the word correctly the spelling bee continues.
